Abstract

Distill is a publication format for scientific and technical writing, native to the web. The HTML version of this document is in distill format, while the PDF version is styled with LaTeX. Learn more about using Distill for R Markdown at https://rstudio.github.io/distill.

Here are some example citations (1, 2).

Author Contributions

You can put sub-headings in the appendix, such as an author contribution statement. Here's where you would summarize what each author contributed to the study.
